Wednesday February 15, 2012. Following Bonnie Raitt's righteous tribute to Etta James with Alicia Keys at 54th Annual GRAMMY Awards last Sunday and Rolling Stone Premiere of "Right Down The Line," it is exciting news that more presales will kick off tomorrow for Bonnie's Slipstream Tour 2012!

2012 is shaping up to be the year of Bonnie Raitt. On the heels of releasing 'Slipstream,' a bold, soulful effort that marks her first studio release in seven years (April 10, Redwing Records), Raitt embarks on the first leg of her 70-date tour on May 1. Tickets available for pre-sale started February 8th at the newly revamped www.bonnieraitt.com. Complete ticketing information for the tour is available now.

Raitt's reinvented version of Gerry Rafferty's hit "Right Down The Line," is the first single from 'Slipstream' and has "just the right note of rueful worldly wisdom - and on her guitar solo, she shreds" (Rolling Stone). The single is currently racing up the AAA radio chart, breaking into the

Top 20 in less than 2 weeks and becoming the most added track at the format well in advance of its official radio launch date on February 13.
