August 14, 2012. This week Taylor Swift revealed her new single off her upcoming album Red.

"This is a really, really romantic song," she said sarcastically to a room full of fans.

"It's really touching and sensitive and it's a really romantic song that's to my lovely ex-boyfriend. It's called 'We Are Never Ever Getting Back Together,'"she said.

At the track's start Taylor sings, "I remember when we broke up the first time/Saying this is it, I've had enough/'Cuz like we hadn't seen each other in a month when you said you needed space/Then you come around again and say baby I miss you and I swear I'm gonna change."

Fans are wondering which of her celebrity ex-squeezes is Taylor singing about in the lyrics - John Mayer, Taylor Lautner, Joe Jonas...hmmm. **Check it out for yourself and post your fan comments!**
