July 30, 2011. On the heels of finishing a European tour run with Linkin Park, Sacramento based rock duo Middle Class Rut come back to America to perform [Vans Warped Tour](#) . MC Rut is no doubt on the hot list of rising alternative rock bands and named a “2011 Artist to Watch” by MTV. Their hit “New Low” also reached No. 5 at Alternative Radio.

MC Rut has been eagerly embraced by rock fans and the press for their stunning debut, which artfully blurs the line between heavy and melodic with raw, energized rock and roll. This band is no overnight sensation. The duo, Zack Lopez (vocals, guitar) and Sean Stockham (drums), have been playing together since they were teenagers.
