Sister Hazel inspires good karma on stage for fans at SunFest!

May 1 West Palm Beach, FL - 'Why don't you all come up on stage with us!' Ken Block singer for Sister Hazel asks an intimate gathering of a few thousand ardent fans after the band's spot on performance of 'Change Your Mind'. A tightly packed, standing room only audience filled the south end festival grounds who came to hear Sister Hazel hits including 'Champagne High' and 'All for You'.

'We've been fortunate to have been featured in several movies' soundtracks include Major League: Back to the Minors, The Wedding Planner, Clay Pigeons, Bedazzled, American Wedding, and 10 Things I Hate About You. One of the highlights of the show was the band's awesome cover of Fleetwood Mac's 'Go Your Own Way'. Sister Hazel is hitting the road for numerous US east coast engagements through the spring and into the summer!
